Pick 2 items from your menu

The screenshot shows the PyCharm IDE interface. The top toolbar includes icons for Project, Run, and Version control. The Run console displays the output of a Python program. The program prints a menu with five items: 1) Taco, 2) Burrito, 3) Nachos, 4) Soft Drink, and 5) Quit. It then prompts the user to select an option (1-5). The user enters '1', and the program outputs 'You selected: 1) Taco' and 'Price: \$1.00'. The user then enters '2', and the program outputs 'You selected: 2) Burrito' and 'Price: \$2.00'. Finally, the user enters '5', and the program outputs 'Total Price: \$3.00' and 'Process finished with exit code 0'.
